

**REHEAT CAPITAL INVESTMENT GRANT**
**Solar Thermal Commissioning Report Ver 1.2**
**1. Project Details and Plant Owner/Location**

<b>SEAI Grant Reference Number</b>	
<b>Project Title</b>	

**Plant Owner**

<b>Organisation Name</b>	
<b>Project Contact Name</b>	

**Installer**

<b>Name</b>	
<b>Organisation</b>	
<b>Telephone</b>	

**2. Technical Details of Project**

<b>Solar Thermal System Details</b>			
Solar Thermal Collector Make / Model			
Number of Collectors			
Solar Collector Type (e.g. Flat plate, Evacuated Tube )			
Total Aperture Area			
Total Surface (Gross) Area			
Estimated Annual Energy Yield			
Heat Use	Hot Water	Space Heating	Other (specify)
Hot water storage		Capacity (l)	
Maximum Cylinder Temperature		°C	
Backup Heating System (specify)			
Original hot water heating system (e.g. oil/gas boiler, gas/electric emersion, other (specify))			
Fuel Type Displaced			

<b>System Installation Details</b>	<b>Installed</b>
Installation completion date	
Equipment installed on schedule? ( yes/no)	
If no, identify reasons	
Equipment started up satisfactorily?	
If no, identify reasons	
Equipment operating satisfactorily?	
If no, identify reasons	

<b>Operation &amp; Maintenance</b>	
Have up-dated Record Drawings been provided?	
Have operation & maintenance manuals been provided?	
Have details of ant-corrosion and anti-freeze additives been provided?	
Has a maintenance schedule been provided?	

<b>Mechanical Completion</b>	
Has a mechanical completion certificate been completed and signed off by the installer or authorised representative of the installer?	
Origin of certificate (Installers own or SEAI)	

### 3. Supporting Documentation

Please provide photographs of the completed installation

### 4. Authorised Declarations

I certify that this plant has been commissioned in accordance with relevant requirements and is operational.

**Signature of person authorised to Commission the Solar Thermal System<sup>1</sup>**

**Date**

.....

.....

I certify that this plant has been commissioned to my satisfaction and is operational.

**Signature of the Solar Thermal System owner<sup>1</sup>**

**Date**
