

Table 1 Air Pressure Test Sampling Regime

Number of instances of dwelling type	Number of tests to be carried out on dwelling type
4 or less	One of each dwelling type
Greater than 4 but less or equal to 40	Two tests of each dwelling type
More than 40	At least 5% of the dwelling type, unless the first 5 units of the tested type achieve the design air permeability, then the frequency can be subsequently reduced to 2%
