The terms of the Organisation of Working Time Act, 1997 will apply, where appropriate, to this appointment. Further information on the conditions of employment will be outlined in the contract of employment for the successful candidate.
SICK LEAVE
Payment for absences through illness will apply, during properly certified sick absence, provided there is no evidence of permanent disability for service in accordance with the provisions of SEAI’s sick leave scheme. Sick leave arrangements are subject to any changes arising in the terms and conditions of sick leave in respect of the public service generally.

Payment of salary during illness will be subject to the staff member making the necessary claims for social insurance benefit to the Department of Social Protection within the required time limits.

SUPERANNUATION AND RETIREMENT
The appointee will be offered the appropriate superannuation terms and conditions as prevailing in the Public Service at the time of being offered an appointment. In general, an appointee who has never worked in the Public Service will be offered appointment based on membership of the Single Public Service Pension Scheme (“Single Scheme”). Full details of the Scheme are at http://www.per.gov.ie/pensions

Pensionable Age
The minimum age at which pension is payable is 66 (in line with government guidelines).

Retirement Age
Scheme members must retire at the age of 70.

Pension Abatement
If the appointee has previously been employed in the Civil or Public Service and is in receipt of a pension from the Civil or Public Service or where a Civil/Public Service pension comes into payment during his/her re-employment that pension will be subject to abatement in accordance with the Public Service Pensions (Single Scheme and Other Provisions) Act 2012.

If the appointee was previously employed in the Civil Service and awarded a pension under voluntary early retirement arrangements other than the Incentivised Scheme of Early Retirement (ISER), Department of Health Circular 7/2010 VER/VRS or the Department of Environment, Community & Local Government Circular Letter LG (P) 06/2013 which, as indicated above, renders a person ineligible for the competition.

Ill-Health Retirement
For an individual who has retired from a Civil/Public Service body on the grounds of ill-health his/her pension from that employment may be subject to review in accordance with the rules of ill-health retirement within the pension scheme of that employment.

Pension treatment of Existing Public Servants
While the default pension terms consist of Single Scheme membership, this may not apply to certain appointees. Full details of the conditions governing whether or not a public servant is a Single Scheme member are given in the Public Service Pensions (Single Scheme and other Provisions) Act 2012. However, the key exception case (in the context of this competition and generally) is that a successful candidate who has worked in a pensionable (non-single scheme terms) capacity in the public service within 26 weeks of taking up appointment, would in general not become a member of the Single Scheme. In this case such a
candidate would instead, where applicable, be offered membership of the SEAI Pension Scheme and its associated Spouses’ and Children’s Pension Scheme. This would mean that the abatement provisions above would apply, and in addition there are implications in respect of pension accrual as outlined below:

**Pension Accrual**

The Public Service Pensions (Single Scheme and other Provisions) Act 2012 introduced a 40-year limit on total service that can be counted towards pension where a person has been a member of more than one pre-existing public service pension scheme.

**Additional Superannuation Contribution (ASC)**

The appointment is subject to the additional ASC in accordance with the Financial Emergency Measure in the Public Interest Act 2009

**Incentivised Scheme for Early Retirement (ISER)**

It is a condition of the Incentivised Scheme for Early Retirement (ISER) as set out in Department of Finance Circular 12/09 that retirees, under that Scheme, are debarred from applying for another position in the same employment or the same sector. Therefore, such retirees cannot apply for this position.

**Department of Health and Children Circular (7/2010)**

The Department of Health Circular 7/2010 dated 1 November 2010 introduced a Targeted Voluntary Early Retirement (VER) Scheme and Voluntary Redundancy Schemes (VRS). It is a condition of the VER scheme that persons availing of the scheme will not be eligible for re-employment in the public health sector or in the wider public service or in a body wholly or mainly funded from public moneys. The same prohibition on re-employment applies under the VRS, except that the prohibition is for a period of 7 years, after which time any re-employment will require the approval of the Minister for Public Expenditure and Reform. People who availed of either of these schemes are not eligible to compete in this competition.

**Collective Agreement: Redundancy Payments to Public Servants**

The Department of Public Expenditure and Reform (DPER) letter dated 28 June 2012 to Personnel Officers introduced, with effect from 1 June 2012, a Collective Agreement which had been reached between DPER and the Public Services Committee of the ICTU in relation to ex-gratia Redundancy Payments to Public Servants. It is a condition of the Collective Agreement that persons availing of the agreement will not be eligible for re-employment in the public service by any public service body (as defined by the Financial Emergency Measures in the Public Interest Acts 2009 – 2011) for a period of 2 years from termination of the employment. Thereafter the consent of the Minister for Public Expenditure and Reform will be required prior to re-employment. People who availed of this scheme and who may be successful in this competition will have to prove their eligibility (expiry of period of non-eligibility) and the Minister’s consent will have to be secured prior to employment by any public service body.

**Declaration**

Applicants will be required to declare whether they have previously availed of a public service scheme of incentivised early retirement and/or the collective agreement outlined above. Applicants will also be required to declare any entitlements to a Public Service pension benefit (in payment or preserved) from any other Public Service employment and/or where they have received a payment-in-lieu in respect of service in any Public Service employment.
Other conditions of employment

The above represents the principal conditions of service and is not intended to be the comprehensive list of all terms and conditions of employment which will be set out in the employment contract to be agreed with the appointee.
