

## **National Energy Research and Policy Conference**

The future of Intergated Energy Systems in Ireland

Thursday 9 October 2025 Royal Marine Hotel Dun Laoghaire

**Session 1** 10:00 - 11:45

## **Setting the scene**

**Chair:** Margie McCarthy, Director of Research & Policy Insights, SEAI

10:00	Tea/Coffee and Poster Session
10:30	Welcome and Introduction
	Opening Address     David W. Higgins, Independent Economist
	Panel discussion - Integrating Energy: Challenges, Opportunities, and the Road Ahead
	Panel Chair: Margie McCarthy, SEAI
	Panel Participants:
	Fergal McParland, Department of Climate, Energy and the Environment (DCEE)
	• Lisa Ryan, University College Dublin (UCD)
	Peter Coyle, Chair of the Marine Renewables Industry Association (MRIA)
	Phil Hemmingway, Commission for Regulation of Utilities (CRU)
	Siobhán O'Halloran, Gas Networks Ireland (GNI)

**Session 2** 11:45 - 14:20

## **Research Sprint**

**Chair:** Kerrie Sheehan Head of Research, Innovation and Electricity, SEAI

11:45	Session 1 Presentations
	Kriti Bhalla, TU Dublin
	"A Systems Approach to Developing a Novel Carbon Neutrality
	Framework for Energy-Flexible Grid-Interactive Buildings"
	Niamh Power, Munster Technological University     "Optimising Solar PV in Irish Homes: Design Parameters and     Early Adopter Behaviour"
	Anita Ortega, Trinity College Dublin
	"RevRenew: Real-World Integration of Renewable Energy, Smart
	Storage, and EVs for Household Energy Optimization"
	Terence O'Donnell, University College Dublin
	"Leveraging Demand Side Flexibility using Vehicle to X"
	Followed by Q&A session
12:35	Lunch and Poster Session
13:30	Session 2 Presentations
13:30	
13:30	Jizhong Meng, Teagasc
13:30	Jizhong Meng, Teagasc     "Closing the Loop: Sustainable LFP Battery Recycling for Integrated."
13:30	Jizhong Meng, Teagasc     "Closing the Loop: Sustainable LFP Battery Recycling for Integrated Energy Resilience"
13:30	Jizhong Meng, Teagasc     "Closing the Loop: Sustainable LFP Battery Recycling for Integrated Energy Resilience"     Alireza Etemad, Codema
13:30	Jizhong Meng, Teagasc     "Closing the Loop: Sustainable LFP Battery Recycling for Integrated Energy Resilience"     Alireza Etemad, Codema     "Evaluating Thermal Storage Integration for Grid-Responsive
13:30	Jizhong Meng, Teagasc     "Closing the Loop: Sustainable LFP Battery Recycling for Integrated Energy Resilience"     Alireza Etemad, Codema
13:30	<ul> <li>Jizhong Meng, Teagasc     "Closing the Loop: Sustainable LFP Battery Recycling for Integrated Energy Resilience"</li> <li>Alireza Etemad, Codema     "Evaluating Thermal Storage Integration for Grid-Responsive Operation of Fourth-Generation District Heating Systems"</li> <li>Eoin Ó Bróin, University of Limerick</li> </ul>
13:30	Jizhong Meng, Teagasc     "Closing the Loop: Sustainable LFP Battery Recycling for Integrated Energy Resilience"     Alireza Etemad, Codema     "Evaluating Thermal Storage Integration for Grid-Responsive Operation of Fourth-Generation District Heating Systems"     Eoin Ó Bróin, University of Limerick     "Heat Recovery from Wastewater Treatment Plants to Supply
13:30	<ul> <li>Jizhong Meng, Teagasc     "Closing the Loop: Sustainable LFP Battery Recycling for Integrated Energy Resilience"</li> <li>Alireza Etemad, Codema     "Evaluating Thermal Storage Integration for Grid-Responsive Operation of Fourth-Generation District Heating Systems"</li> <li>Eoin Ó Bróin, University of Limerick</li> </ul>

13:30	Jizhong Meng, Teagasc     "Closing the Loop: Sustainable LFP Battery Recycling for Integrated Energy Resilience"     Alireza Etemad, Codema     "Evaluating Thermal Storage Integration for Grid-Responsive Operation of Fourth-Generation District Heating Systems"     Eoin Ó Bróin, University of Limerick     "Heat Recovery from Wastewater Treatment Plants to Supply Existing Buildings with Low-Carbon Heat via District Heating"     Sweta Malik, University College Dublin Energy Institute

**Session 3** 14:20 – 15:30

## Lessons Learned, Futures Imagined

**Chair:** Francesca Martini, Funded Research Programme Manager, SEAI

14:20	Chair Welcome
	Local Case study
	Joanne Maher and Ronan Herron, DLR County Council     "Stillorgan Hybrid Power System and the EU Probono project"
14:40	Short interactive workshop
	- Shaping tomorrow's energy system
	<ul> <li>Lessons learned</li> <li>Overcoming challenges</li> <li>Future opportunities and collaboration</li> </ul>
15:00	Networking and Poster Session
